4. In the Table will be seen the progress which has been made year by year, in the newer States of the West, as they have severally come into being, and presented fields of peculiar promise for missionary culture. When this Society was formed, *Indiana* and *Illinois* were in their infancy, *Michigan* was, at that time and for ten years subsequent, a Territory; in 1825 it had but one Presbyterian or Congregational minister, and he was a missionary. *Wisconsin* remained, eight years after the organization of this Society, the almost undisputed home of the Indian. *Iowa* was not organized as a Territory till 1838. *Oregon* was reached by our first missionary there in the summer of 1848, after a voyage of many months by way of the Sandwich Islands. Our first missionaries to *California* sailed from New York in December, 1848. Our first missionary to *Minnesota* commenced his labors at St. Paul, in July, 1849.

5. It should be borne in mind that the number of missionaries in these newer States and Territories, as well as those that have been longer cultivated, gives but an imperfect idea of the ground that [illegible] Churches [illegible] years become independent, and others

TABLE OF MISSIONARIES EMPLOYED BY THE CONGREGATIONAL HOME MISSIONARY SOCIETY, WITH THEIR STATIONS, AND VARIOUS STATISTICS OF THEIR WORK

EXPLANATIONS OF THE STATISTICAL TABLES

THE operations of the Society in the different States and Territories of the Union, and in connection with its various Auxiliaries, are noticed under appropriate heads in the body of the Report. Such details as can be presented in a compact form are embraced in the following GENERAL TABLES.

In the *first* Table, beginning on page 106, the STATES are arranged in alphabetical order. Under each State the FIELDS occupied by the Society and its Auxiliaries are first given, also in alphabetical order, with the names of the missionaries, dates of their commissions, amount of aid pledged by the Society, length of service, and other statistics of their work.

The Auxiliaries are twelve—viz., the six New England, with New York, Ohio, Illinois, Iowa, Wisconsin, and Michigan.

The names of missionaries not in commission last year are printed in *italics*.

A *second* Table, beginning on page 205, gives the name of every MISSIONARY receiving aid from the Congregational Home Missionary Society, or its Auxiliaries, for service rendered between April 1, 1893, and April 1, 1894, with the principal stations in his field, and the number of the page on which (in the *first* General Table) the statistics of his work may be found. The station named in this *second* General Table—the first station when more than one is given—is usually the missionary's post-office address. Where this is not the case, his post-office address is, in most instances, added in parenthesis. No attempt is made to indicate the post-office address of missionaries in the *Auxiliary* States, nor, ordinarily, that of students employed in vacation.
